GENERAL DAVID C. JONES, CHAIRMAN
Joint Chiefs of Staff
Department of Defense
Pentagon
Washington, D. C. 20301

Dear General Jones;

I have written twice, to the Director of Personnel, USAF, with no response. I have written to Admiral Bobby R. Inman, Deputy Director, Central Intelligence Agency. Copies of both letters enclosed.

Since writing to Admiral Inman, I have been in continuous communication with Admiral Inman's office. To date, there have been no actions that would indicate real progress in my business; that of resolving wether I am to be exonerated and reinstated. As, contract service with CIA, my retirement from USAF, and/or disposition of my service, in any capacity.

At this writing, the undersigned is incarcerated at James River Correctional Center, South Hill, Virginia.

I am asking you to personally intervene, in my behalf. I want to be discharged, retired, or, in some way, separated from service; USAF and CIA. Or-----, be fully reinstated in either service.

The current conviction, of the undersigned officer, is a farse. In the past four years I have been charged with every kind of felony imaginable, in the overarching conspiracy. Thirty nine (39) times. Yes, 39 times this officer has been arrested and charged. Exoneration was [illegible], in every case, [illegible] last two, [illegible] described as a farse. I mean just that; a farse. The conviction is being appealed

In the meantime, I languish in this [illegible]. All you [illegible] General! I ask for your help, boldly, and with confidence. I do so, because, through long years of honorable service, I have earned that right.

Very truly yours,

Colonel E. Gallagher
Lieutenant General USAF-CIA
